

# THEO Technologies

## Young Graduate - Video Playback Engineer (JavaScript/Java/Swift)

*Leuven, Belgium (Europe)*

*Full-time*

*Master Computer Science*

### How you'll make a difference

We are looking for a Junior Video Playback Engineer to strengthen the Software Engineering team at THEO Technologies.

As a Video Playback Engineer you get the opportunity to work on the technical core of our video player. The algorithms and architecture that make everything tick.

This position is especially interesting for young developers who like to work on complex technology, with a focus on algorithms, efficiency, and optimization.

### Tech Stack

The THEOplayer Universal Video Player is a suite of SDKs available on different platforms like Web, Android, iOS, but also AppleTV, Chromecast, Smart TVs, Roku, ...

This makes THEOplayer a complex product, which is implemented in a hybrid of languages:

- JavaScript/TypeScript
- Java/Kotlin
- Swift

As a Young Graduate, you get the opportunity to explore different pieces of the codebase before you decide to specialize on a specific language or framework.

In terms of development tools, you will get in contact with:

- Git/Bitbucket
- Jira/Confluence
- Jenkins/Selenium/Multiple test automation frameworks

## Team Dynamics

The THEO Technologies Engineering & Delivery organisation is striving to be an Agile environment.

Our squads are cross-functional. Every member possesses a specific skill set (e.g. software development or testing, analysis, project management, customer communication, ...) and contributes to the overall goals of the squad. As a young graduate, this gives you a chance to come in contact with all the different aspects of an engineering organization.

Apart from joining a squad which you work in on a daily basis, you also become part of a chapter; a group of people with a similar skill set, focused on knowledge sharing, coaching and training.

## Our offer

- A versatile full-time job in the animated city Leuven;
- A **competitive salary** with plenty of extra benefits;
- The opportunity to work for an exciting start-up conquering the world;
- A place to learn and get in touch with the cutting edge of online video;
- The company itself is doing exceptionally well. For career-motivated people, there will be **upward mobility**;
- A **stimulating working environment**;
- Nice and passionate colleagues;
- **Flexible hours**;
- Regular and fun team activities.

## Does this sound interesting to you?

Please send your resume and cover letter to [careers@theoplayer.com](mailto:careers@theoplayer.com). We look forward to hearing from you.
